You can easily find and rent one of the roughly 1,500 bicycles that we are providing in Leipzig via the nextbike by TIER app. Just keep in mind: The bikes may only be returned to the official stations and streets marked in the app. Besides the stations and return zones, all available bikes can also be found in the app. Moreover, we have created a few additional Velo-city stations in the city center and around the central station to make your stay even more convenient. Another station right at the CCL invites you to use our bike-sharing offer for the commute to the Velo-city conference.

Use your individual voucher for the Bike Night!

We would love to see you on one of our bikes at the **Bike Night on May 10**. Your individual voucher-code makes it particularly easy to use nextbike by TIER for this occasion. To guarantee a smooth process and to make your ride as convenient as possible, we advise you to create a nextbike by TIER Account and to redeem the voucher in advance. We provide 300 additional bikes at the Augustusplatz, but we also need your support. If possible please bring along a nextbike you have already rented.
